

the event becomes tradition

2014 JD SYMPOSIUM Science & Fun

20-21 of June 2014
Hotel Mare e Pineta, Viale Dante 40
Milano Marittima, Italy

On behalf of JDentalCare, you are cordially invited to attend the JDSymposium 2014.

This two-day, intermediate-to-advanced interactive program is designed for practicing clinicians with established competencies within the field of implant dentistry. Various dental implant treatments and techniques in the surgical, restorative and regenerative fields will be addressed. This is your opportunity to update your knowledge of the very latest techniques in implant and restorative dentistry.

After the incredible success of last year, JDentalCare is proud to hold this program once again in Milano Marittima, the most precious pearl of the Adriatic Riviera. After a full day of coursework you will be free to allow time for you to network, relax with colleagues, explore the beaches or the nightlife with lots of shops, street bars, exclusive discotheques, and gourmet restaurants.

JDSymposium 2014:
the event becomes tradition.
COME AND JOIN US!

Marco Esposito, DDS, PhD

Speakers

Gioacchino Cannizzaro, MD, DDS

dr Gioacchino Cannizzaro graduated in Medicine and Surgery in 1981 and completed the specialisation in Ophthalmology and in Odontostomatology at the University of Pavia. Adjunct Professor of Implantology at the Alma Mater Studiorum University of Bologna since 2012. Visiting professor at the Master in Implantology at the University of Manchester in 2010-2011. Visiting professor at the annual post-graduate course in implantology at the University of Modena from 2000 to 2008. Diplomate at International Congress of Oral Implantology (ICOI). Post-Graduate in Oral Implantology at the New York University. Member of the Editorial Board of the European Journal of Oral Implantology. He takes part at international multicenter studies on immediate loading in implantology. He lectures at courses and congresses in Italy and abroad. He has a private practice in Pavia where he is solely dedicated to prosthesis and implantology. He placed about 45000 dental implants during his life.

Marco Esposito, DDS, PhD

Associate Professor in Biomaterials with the Sahlgrenska Academy at Göteborg University, Sweden. Editor in Chief of the European Journal of Oral Implantology (EJOI) and of the Rivista Italiana di Stomatologia (RIS). Associate Editor of the Cochrane Oral Health Group. President of the British Academy of Implant and Restorative Dentistry (BAIRD). Marco graduated with honors in dentistry at the University of Pavia, Italy, in 1990 and was awarded a PhD in Biomaterials from the Göteborg University in 1999. He created and directed the Postgraduate Dental Specialties courses in Dental Implantology at the University of Manchester, UK (2006-2011). He is a specialist in Periodontics (UK). He authored more than 200 publications in international peer-reviewed journals and book chapters and gave more than 400 lectures and courses at national and international level. He is currently working as freelance researcher in clinical implant dentistry and periodontology.

Rawad Samarani, DCD, DES

dr Rawad Samarani graduated as Doctor of Dental Surgery in 1998, and in 2002 he graduated in Periodontology (Diplôme d'Etudes Supérieures) from the Saint-Joseph University in Beirut. After graduating, he has started a private practice in Byblos-Lebanon. He is participating in several research projects and international trials on the subject of dental implants. He has co-published several papers in international peer-reviewed journals. He lectures at international courses and congresses. Since 2002, dr Samarani is a member of the Periodontology Department of the Saint-Joseph University in Beirut where he served as a clinical instructor, assistant, and actually as a lecturer. Recently, he has obtained from the same school a Master of Research after completing an animal study on a topic related to alveolar bone grafting.

Simone Vaccari, DDS

Dental technician diploma in 1994 and degree in Dentistry and Dental Prosthetics with distinction in 1999 from the University of Modena and Reggio Emilia. Active member of the S.I.E (Italian Society of Endodontics). Active member of the A.I.O.M. (Italian Academy of Microscopic Dentistry). Active member of the E.S.C.D. (European Society of Cosmetic Dentistry). Completed the Master in Fashion Photography at the John Kaverdash academy in Milan. Member of the national association of Italian photographers. Completed the Master in Photography of the Face at the professional institute of contemporary photography. Completed the Apple Certified Trainer course at the Apple Education Training Centre for the programs Keynote and Aperture3.

Alberto Vericat, DDS, MSc

dr Alberto Vericat graduated in Odontology at the University of Valencia in 1996. Master in Oral Surgery and Implantology at the University of Barcelona in 1996-99. Member of the Brånemark Osseointegration Center in Barcelona. National Award of Implantology SEPA - Nobel Biocare in 2003. Member of several scientific societies (SEPA, SEPES, SECOM, SECIB). He lectures extensively at courses and congresses about immediate loading and postextractive implants. He has a private practice in Valencia where he is solely dedicated to prosthesis and implantology.
